

H1N1 VIRUS UPDATE & INFORMATION

Developments in the ongoing H1N1 influenza outbreak are being carefully monitored by the John McGivney Children's Centre, working closely with the Windsor-Essex County Health Unit.

The current situation requires extra caution on the part of parents, clients, students and our staff, and we encourage everyone to practice the infection control measures recommended by the Windsor-Essex County Health Unit, including staying home from school or work and avoiding contact with others if you become ill.

Helpful information is provided by the Windsor-Essex County Health Unit on its website at www.wehealthunit.org. You may also contact the Health Unit at 519 258-2146.

You may also find additional information about the recent influenza outbreak through the following agencies and websites:
