

CLASS ONE NEWS

MAY. 2017

Communication Corner

What an exciting April we had in Class 1! We began the month by exploring Colasanti's Tropical Gardens on our field trip. What a blast the kids had meeting all the exotic animals! A big THANK YOU to all volunteers that were able to attend!

In honor of springtime we started our own indoor garden. We began our science unit by learning about the parts of a flower and how flowers grow. The students then planted their own sunflower seeds. The students have been watering their plants and observing how their sunflowers are growing.

This month we will focus on insects and emotions through an author study on Eric Carle. His beloved books will bring much fun and joy to the students. In Literacy, students will continue to learn a letter and the sound associated with it every week. Together we will come up with words that start with the letter of the week. We will also work on sequencing events by using the Nursery Rhyme, "This Little Piggy." In numeracy, we will continue to focus on one to one correspondence and number recognition to 10.

I would like to take this opportunity remind families that with the warm weather coming, please send in an extra set of spring type clothes to keep at school.

Thanks so much!
