

# April

## CLASS 3 NEWS FOR APRIL

We are very excited that Spring is finally here! We have been learning about Canada by exploring globes, maps and stories. Canada has some important symbols, like the Canadian flag, that we will be learning about. Canada is a big and beautiful country to explore!

We've got to move it, move it!  
In Science, we are learning about how we can push and pull things to move them. We are already having lots of fun in gross motor by using these terms to play and move ourselves around the room. There are lots of games and activities to practice how we can move objects!

Reading and books are a big focus in our class. Many of the students choose to read in their free time- to each other, to themselves and to me! We encourage them to look for sight words (I, like, go, eat, play) in a variety of texts (newspapers, ads, etc). Our beginning readers will gain confidence and experience

### Reminders

A reminder to check the tires on students' wheelchairs to be sure they are full and to check that the anti-tippers are down so that they can safely transfer in and out. Thanks!

### Birthdays and Other Important Dates

Happy Birthday, Hayden April 7

Holiday weekend April 14- 17

Pokemon Go activity day April 28

Parent/Educator Night April 25
