CLASS 3 NEWS

Happy New Year! Everyone is back and ready to try the very best in 2017. We are glad everyone enjoyed the holidays and we are settling back into our class routine. We will welcome a new friend, Rama, to our class this month 😊

In Science, we started a new unit on changes and growth in animals. We will be learning how animals adapt to the seasons, how they grow and where different animals live.

In Social Studies, we will be exploring our feelings. We will be identifying emotions on our communication devices as well as having fun singing, reading and making art all around our feelings.

Reminders

We encourage everyone to continue to use their communication devices at home, to make choices and to ask questions. The device is also great to use when reading books. We use it to find core words, answer simple questions and to be silly! Have fun 😊

Birthdays and Other Important Dates

P.D Day – January 20

PJ and Polar Express Day – January 20
