

CLASS 4 NEWS

HOT OFF THE PRESS

What a great first week it was getting to know your wonderful children. Cindy and I are working very hard creating some new and exciting activities and centres. These activities and centres will not only be fun, but will meet both our IEP and communication goals.

To celebrate our month of working hard, our class is throwing a very special Dr. Seuss Day. Children, teachers and parents are welcome to dress in your wacky tacky shirts, socks or even crazy hair. We look forward to seeing those of you who can make it.

Communication Tips

Day to day activities can provide many opportunities for your child to interact and use their core words. They may want a "Turn" playing a game or pushing the "On" button on the T.V remote control. Is the bath water "Hot or Cold"? Should we brush your teeth "Fast or Slow"? These are all fun examples of using our core words in our everyday life.

Reminders:
February 13th
