

CLASS 4 NEWS

HOT OFF THE PRESS

Welcome to June

What an exciting month ahead that is filled with fun activities both indoor and out. We have a beautiful healing garden right outside of our classroom door that we will continue to take advantage of. I also plan on walking the children over to the amazing construction site, soon to be our beautiful play space. This is a great opportunity to look and talk about the different trucks and equipment.

I will also add two new activities to our morning centres. One will be a giant Connect Four game and the other is a giant Ker-plunk game that Mrs. T's Dad made for our classroom. I'm excited to provide these fun activities that promote interaction between peers and builds team spirit.

Last month we made smoothies and it was a hit! We will use one of our fun day Friday's to create a yummy milkshake while using our core vocabulary words such as: "In" / "On" / "Off" / "Go" / "Stop" / "More" / and "Turn".

During gym class next week our student Rebecca from Assumption High School has an exciting obstacle course planned for class 4. I can't wait to see what she brings in.

To my big Grads Luke and Addyson, we are sad to see you go, but know you are ready and will do great things at your new school.

It has been an absolute pleasure teaching your children for Term 2. I have loved getting to know their sweet personalities and watching them grow. Thank you parents for the warm welcome.

Have a fun and restful summer

Mrs. T

Enjoy the month of June

Reminders:

June 09:
P.A Day

June 07: 5:00 pm
Parent Council Mtg

June 18:
Father's Day
