Special Notes:

*Class 5 is in charge of Remembrance Day. We will be preparing for the assembly over the next couple weeks.

*Class 5 will be getting outside a couple days each week to explore the change of season.

*Class 5 shares news each day. Please try to write some activities you did the night before in the communication book. Things like : what mom or dad made for dinner, a television show they watched, something a sibling did; anything about the night can be a springboard for communication between peers.

Thank you for all of your support!

This school year is off to a great start! We are making new friends and getting reacquainted with old friends! Everyone is working hard to achieve all of their individual goals. We have a great team to help us meet all of our needs!

Our Communication Disorder Assistant, Angelica will be supporting us one morning per week. She is also there for any questions we have about the communication devices.

Ms. M. comes in every day to do visual arts, music, drama and dance with Class 5. The work done with Ms. M. supports the student's individual communication, math and language goals; through the Arts.
